

Capability Statement

Big Sky Cranes

Mining, Shutdowns, General lifts, Construction, Labour hire
Safe and Reliable Crane Solutions

Big Sky Cranes Pty Ltd is an Indigenous owned and operated company that specialises in *the supply of crane equipment and services to the mining and resources industry.*

Established in 2012 by Scott and Marsia Daniels, Big Sky Cranes supplies professional crane solutions to the Pilbara and throughout Western Australia.

*Director, Scott Daniels has more than 20 years' experience as a certified crane operator. He has operated an extensive number and variety of cranes, and he has worked on several major projects throughout Western and Northern Australia, including on the **Woodside LNG Gas plant in Karratha.***

Big Sky Cranes is focussed on safety, reliability and customer service, as well as providing training and employment opportunities for local Indigenous people.

OUR SERVICES

- Mining - Shutdowns
- General lifts - Construction
- Labour hire

At Big Sky Cranes, we provide efficient and effective crane solutions to projects of all sizes. *We have experience working across several industries, and a track record of overcoming complex lifting, rigging and manoeuvring challenges.*

Our certified crane operators and riggers are available for wet hire, or they can be hired independently of our cranes. We also consult on transport and other logistical requirements, and we can provide project assessments, site inspections and assessments, equipment maintenance, and JHA's/lift studies when required.

OUR EQUIPMENT

Big Sky Cranes can supply a Crane-Safe-certified, 20 Ton Franna crane for wet and dry hire. The 20 Ton Franna is the dominant crane in the Australian market. It is a pick and carry crane known for its versatility and multi-purpose use on plant sites, workshops and mines.

We can also access cranes of any size, thanks to our good relationships with local crane providers. *All of the equipment we operate and supply is regularly maintained by qualified and certified technicians.*

'We can meet your lifting requirements in the safest, most efficient and cost effective manner.'

Our Vision - to train, employ and mentor local Indigenous crane operators and riggers.

Our Mission - to provide a safe and reliable crane hire service to construction and mining projects in the Pilbara region and throughout Western Australia.

Meet the Owner/Directors

MARSIA DANIELS

- Director and Office Manager

Marsia is an Indigenous Australian woman from the York/Northam area of Western Australia. Together with husband Scott, Marsia is passionate about providing opportunities for Aboriginal people to improve their social and economic wellbeing.

An experienced and skilled office manager, **Marsia is primarily responsible for Big Sky Cranes' administrative functions.** *Professional, friendly and efficient, she quickly earns the trust and confidence of the company's clients.*

SCOTT DANIELS

- Director and Lead Crane Operator

Scott is a certified crane operator who has been successfully planning and delivering heavy lifts in the mining and resources industry for over two decades.

Scott's extensive experience includes working for *Monadelphous & Joyce Cranes* on the Karratha LNG Gas Plant, where he supervised all aspects of risk assessments, safe work method statements, integrated safe systems of work permits and lift studies. Scott has also has operated offshore tower cranes in the *Cambridge Gulf for Kimberley Metals Group*, and worked for *Kimberly Industries/Joyce Cranes* on Cape Lambert.

Now a Director and the lead crane operator for Big Sky Cranes, Scott draws on his wealth of experience to successfully manage the company's operations and maintenance.

He is skilled in operating a variety of cranes, from the 20T Franna to the 400T Liebherr, as well as the Tadano and Grove All Terrain and Rough Terrain cranes, the 35T Humma and the Sumitomo 275T and 90T Crawler.

Scott's certificates and qualifications include:

- Crane Ticket (CO) Open Ticket
- Rigger Advanced (RA)
- Scaffolder Advanced (SA)
- Tower Crane (CT)
- Working Safely at Heights
- Licence to perform High Risk Work
- Heavy Vehicle Driver's Licence

Safety First

Safety is central to Big Sky Cranes' culture. Our commitment to safe work practices, and mitigating risk, is extremely important to us.

We are fully compliant with our statutory and regulatory obligations under the Occupational Health and Safety Act 1991 with regard to the provision of crane services. We have comprehensive OHS policies, we hold regular safety and toolbox meetings, and **we ensure all new employees are fully trained on commencement with the company.**

Supporting Local Indigenous People

Big Sky Cranes is passionate about supporting Aboriginal people and businesses.

We provide training and **employment opportunities for Indigenous Australians** to enter the crane industry and the workforce in general. Through a variety of work-ready activities, and a commitment to ongoing mentoring, we strive to make a difference in the lives of Aboriginal people, their families and their communities.

Contact Us

Please contact us to discuss your specific lifting requirements. We can meet all of your crane-related needs, regardless of the size of your project, and provide you with **a cost-effective, tailored solution.**
